Gliderol Safe•T•Glide®

Sectional Overhead Garage Door

Safe•T•Glide is Gliderol's revolutionary alternative to the traditional garage door.

Gliderol's Safe•T•Glide doors use modern design concepts to provide new levels of performance and style.

Featuring a raised panel design, the Safe•T•Glide comprises a number of hinged rigid sections which slide overhead creating a lightweight stylish garage door.

With a choice of four designs, Oxford, Madison, Tuscan and Hampton, the Safe•T•Glide's Colorbond® finish will enhance your home's street appeal. The Safe•T•Glide is Australian designed and manufactured specifically for Australian conditions.

Key Features and Benefits

- Optional low headroom kit available for limited ceiling space
- Four design options
- Available in a wide range of colours – please refer to the Gliderol Colour Chart for further details
- Strong and versatile garage door option
- Minimal noise and friction

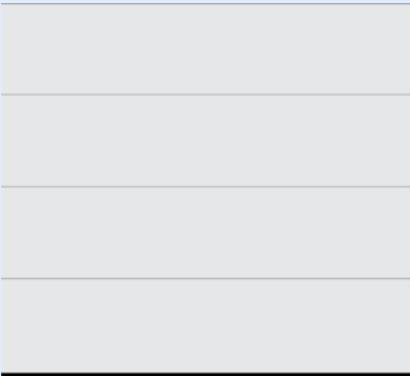

Oxford

The Oxford design uses classic Georgian squares to provide a traditional look to any home. Each square is precision pressed in manufacturing for quality and strength. Ideally suited with Gliderol's woodgrain finish, the Oxford design is also available in a smooth finish.

Hampton

The Hampton design elegantly incorporates rectangular embossments for a classic, yet strong style. Available in either woodgrain or smooth finish, the Hampton design suits both modern and more traditional homes.

Madison

The Madison design uses clean, sharp lines and a textured finish to perfectly blend with rendered homes. Available in either woodgrain or smooth finish, the Madison design is the right choice if you are looking for a door to blend with and compliment the façade of your home.

Tuscan

The Tuscan design creates a timber planked style door that is built with low maintenance Colorbond® steel. Horizontal "V" grooves create a sleek and contemporary look, providing the perfect design for modern homes.

Please note: Windows are an additional charge, if insterested please contract us for pricing.

Window Options

Personalise your Sectional Garage Door even further by adding practical lighting solutions to your garage space. Windows are a stylish option to add to the top panel of your doors and allow natural light to filter into your garage.

Designed to compliment the Oxford and Hampton door styles, windows are available in both single and double door widths. Traditionally supplied in standard clear acrylic, there is also an optional upgrade to bronze tinting available.
